As one of Scotland's leading colleges, Dundee College offers a wide range of opportunities. There is an Advice Centre on each campus to give help and advice to students on a wide range of subjects offering tailored services.

With programmes beginning at introductory and Access level and some going as far as degree level the College allows busy people to fit study into their lives has resulted in part-time, online, open and flexible learning as well as family friendly hours.

The College Mission is to play a leading role in local economic and community development by providing excellent education and training.

To achieve this mission the College will:

- be first choice for people in Dundee,
- attract learners to Dundee,
- be innovative, and lead in the use of new technology,
- help the City to flourish, and
- have a strong corporate culture.
