The RSE was founded in 1783 by Royal Charter for the “Advancement of Learning and Useful Knowledge”. Einstein, Darwin, Walter Scott and Lord Kelvin are among its many famous Fellows from history. Today we have around 1400 Fellows whose expertise encompasses the full spectrum of the sciences, medicine, engineering and technology, education, law, the arts, humanities, social sciences, business, industry, the professions and public service. This multi-disciplinary perspective makes the RSE unique amongst the United Kingdom’s learned societies. We are funded by a range of carefully selected charitable, public and private bodies. Our mission today is providing public benefit through the advancement of learning and useful knowledge.
